

## **AVAPCD SPONSORS AV BOARD OF TRADE OUTLOOK CONFERENCE**

Each February, the Antelope Valley Board of Trade brings together local community leaders for its annual Business Outlook Conference. The Conference features distinguished speakers who project future economic conditions from the local, state, and federal perspective. This year's conference featured Lon Hatamiya, Secretary of California Technology and Trade and Commerce; Nancy Sidhu, Economist from the Los Angeles Economic Development Corp.; Richard Baker, Vice President and Site Manager for Lockheed Aeronautical Co.; and M.C. Gaughey, 1<sup>st</sup> Vice President of Retail Properties from CB Commercial Real Estate Group.

For the second consecutive year, the AVAPCD signed on as a proud contributor to the annual conference. As a result, the AVAPCD was prominently recognized in the conference program, in the AV Press, and in the Board of Trade's newsletter.
